Send in this coupon (or a copy) and we will send you our SHAREWARE sampler disk. After you have a chance to use the programs and decide to become a registered user, determine your "Suggested Retail Price" and mail that amount to us. We'll then send you the registered programs. Finally, software you can pay for, at your price!

DC Formatter

More than a formatter, write executable boot sectors, copy and format ST, IBM and Spectre 128 disks, more! Run as program or desk accessory, help program too! Break the 6 desk accessory limit! Load and unload DAs. Execute desktop menu commands through keystrokes. A corner clock for all resolutions. A super fast, pure assembly ARC utility in a desk accessory. *TRUE* background disk formatting.
